

UKSC/JCPC Strategic Priorities April 2015 to March 2016

Our Aim

Our aim is to provide an environment which enables the Justices of the Supreme Court to carry out their duties in an effective, visible and accessible way, and which best develops the rule of law and the administration of Justice, both in the UK and in the countries which use the JCPC.

We shall do this by:

- **Continuing to secure the Justices' constitutional and financial independence**
- **Promoting the importance of the Rule of Law and its role in securing democratic freedom**
- **Providing an efficient and effective administration**
- **Maintaining effective relationships with all jurisdictions in the UK**
- **Maintaining effective international relationships**
- **Ensuring the effective delivery of all UKSC corporate responsibilities**

Our Strategy

Continuing to secure the Justices' constitutional and financial independence

Priorities during this period are:

1. Being ready to respond to the outcomes of the public debate about possible constitutional changes such as a Bill of Rights and any other potential relevant outcomes from the General Election set for May 2015.
2. Monitoring other changes to the Justice system, such as to legal aid, and preparing for their impact.
3. Working to secure changes that would deliver greater resilience in the funding of the court.

Promoting the importance of the Rule of Law and its role in securing democratic freedom

Priorities during this period are:

1. Maintaining confidence in judicial decisions.

2. Continuing to develop and enhance relations with the media and broadcasters.
3. Continuing to develop our openness and accessibility by using special events such as “open days” and temporary exhibitions to encourage the public to visit the court.
4. Continuing to develop our educational outreach activities with special in depth programmes for sixth formers and students in further education.
5. Increasing the number of educational visits from Scotland, Wales and Northern Ireland.

Providing an efficient and effective administration

Priorities during this period are:

1. Ensuring there is a satisfactory outcome for the UKSC from the Spending Review expected to take place after the 2015 General Election.
2. Ensuring we continue to have in place appropriate governance structures.
3. Ensuring we have appropriate arrangements to secure the continued availability of business critical staff expertise to enable both the UKSC and JCPC to continue to function effectively.
4. Continuing to develop the IT infrastructure so as to become an exemplar to others of the most effective and efficient use of IT to support the administration of the court.
5. Ensuring any changes to pay and conditions of staff reflect the needs of the court administration.
6. Maintaining secure and comfortable courtrooms and office spaces, investing in the Court’s accommodation where necessary.

Maintaining effective relationships with all jurisdictions in the UK

Priorities during this period are:

1. Having effective communications with all the territorial authorities.
2. Monitoring and reacting appropriately to (1) any impact of the changes to the right of appeal from Scottish courts made by the Scotland Act 2012; (2) the introduction of a permission to appeal regime by the Courts Reform (Scotland) Act 2014; or (3) any further future devolution of powers to Scotland following the ‘No’ vote in the Scottish independence referendum in September 2014.

3. Preparing for any changes or developments to the powers of the devolved governments in Wales and Northern Ireland.

Maintaining effective international relationships

Priorities during this period are:

1. Developing and maintaining contacts with the European Court of Justice and European Court of Human Rights and in particular seeking to promote a better understanding of the common law and how it operates within the context of European law.
2. Promoting relations with Commonwealth countries, particularly those which use the Judicial Committee of the Privy Council, and with other common law countries.
3. Supporting Justices in their membership of international bodies such as The Network of Presidents of the Supreme Courts of the European Union, and the Association of the Councils of State and Supreme Administrative Jurisdictions of the European Union.
4. Demonstrating the effective separation of powers and maintaining the rule of law to a wide range of international visitors.

Ensuring that all UKSC corporate responsibilities are adhered to

Priorities during this period are:

1. Encouraging, and maintaining a diverse workforce and monitoring and responding to views from the Court Users Group on equality issues.
2. Ensuring all expenditure is justified and provides value for money, and that all key data is published on the UKSC / JCPC websites in line with the Cabinet Office Transparency Agenda.
3. Ensuring that all data is processed, stored and disposed of in accordance with data protection legislation and EU directives. Ensuring that all requests for information or data are handled within the statutory deadlines and in compliance with the relevant legislation.
4. Taking steps to reduce the carbon footprint of the building.
5. As occupants of the former Middlesex Guildhall, promoting the building and the art work on show to the public; maintaining links with organisations connected with Middlesex, including the Middlesex Regimental Association.

Our Values

Underpinning the achievement of these aims and priorities are the following values, which have been developed with the staff.

All staff are expected to carry out their duties by following the core values and behaviours set down in the Civil Service Code. In addition, staff will adhere to the following values:
